## Morning Summer Tennis Camp

### Covid Safe Camp

We have safely and successfully navigated the pandemic and our facility is disinfected daily with all touch points cleaned hourly. We have opted a small and safe summer camp with a very low ratio of 5 campers per instructor and ages 8 to 12. This will ensure the the coaches can focus on keeping the campers engaged, learning and socially distancing as required. The plan will offer the campers an opportunity to learn on our outdoor clay tennis courts and also opportunities to play indoor avoiding constant exposure to the sun.

### Camp Format

During the week the campers will work on their fundamentals and technique designed to develop and improve rally and match play skills. They will enjoy time on our outdoor clay courts as well as our indoor hard courts. The coaches will also introduce the campers to Pickleball, which is the fastest growing sport in North America. Each Friday offers friendly team competitions designed to motivate and evaluate the group's progress.

Total Tennis camps have emphasized respect, effort and responsibility on and off the court, since 1998.
